LOGO INTRODUCTION

SHAPE

The primary elements include the company name "ESAD" displayed in uppercase, with strong, clean, and geometric lettering in blue. Above it, the Arabic version of the name is written in a matching blue font, maintaining balance and symmetry. Below the main text.

LOGO STRUCTURE

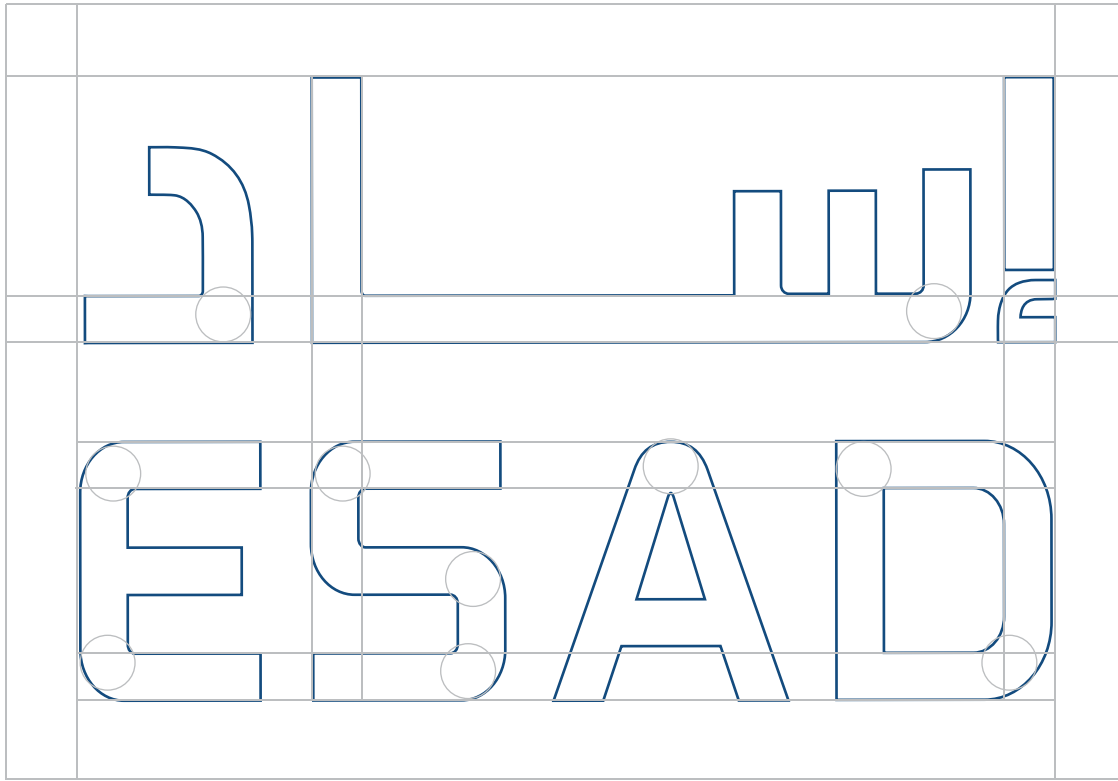

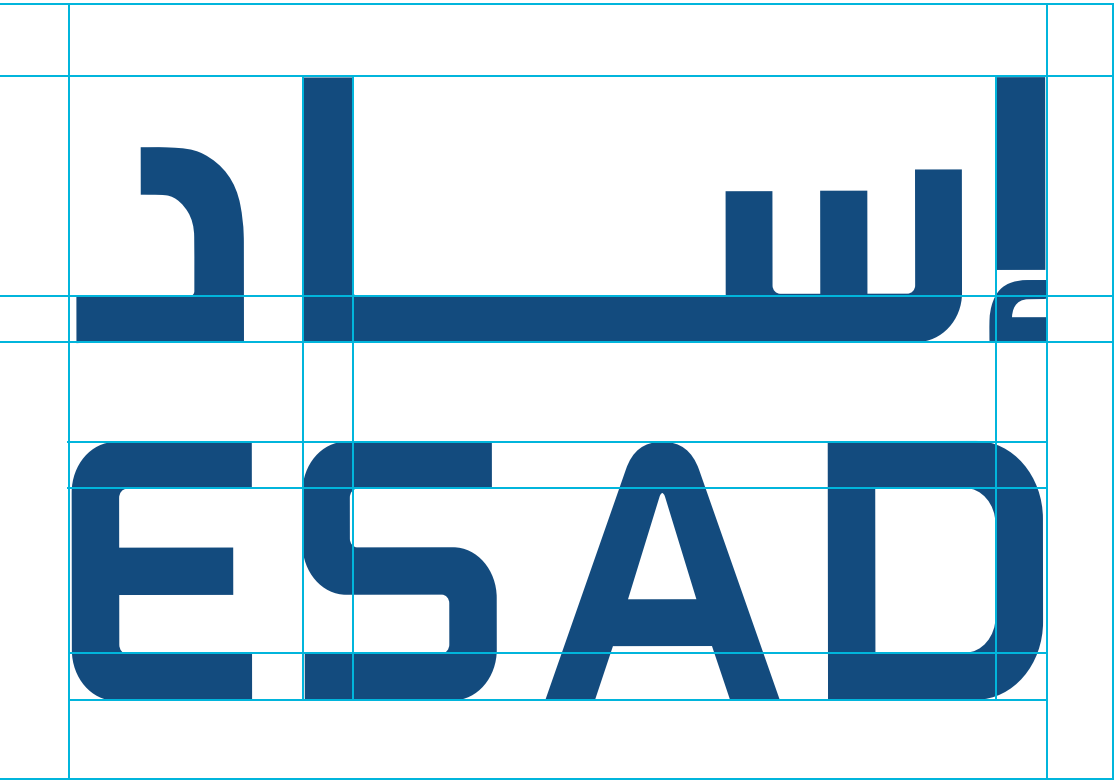

CONSTRUCTION & GRID

The ESAD logo follows a well-balanced construction and grid system, ensuring a professional and modern appearance.

Spacing:

Ample spacing is maintained between the Arabic text, English name, and the tagline, ensuring clarity and readability.

Proportions between the elements are precise, likely following a grid to maintain visual harmony.

LOGO EMBLEM CONSTRUCTION & CLEAR SPACE

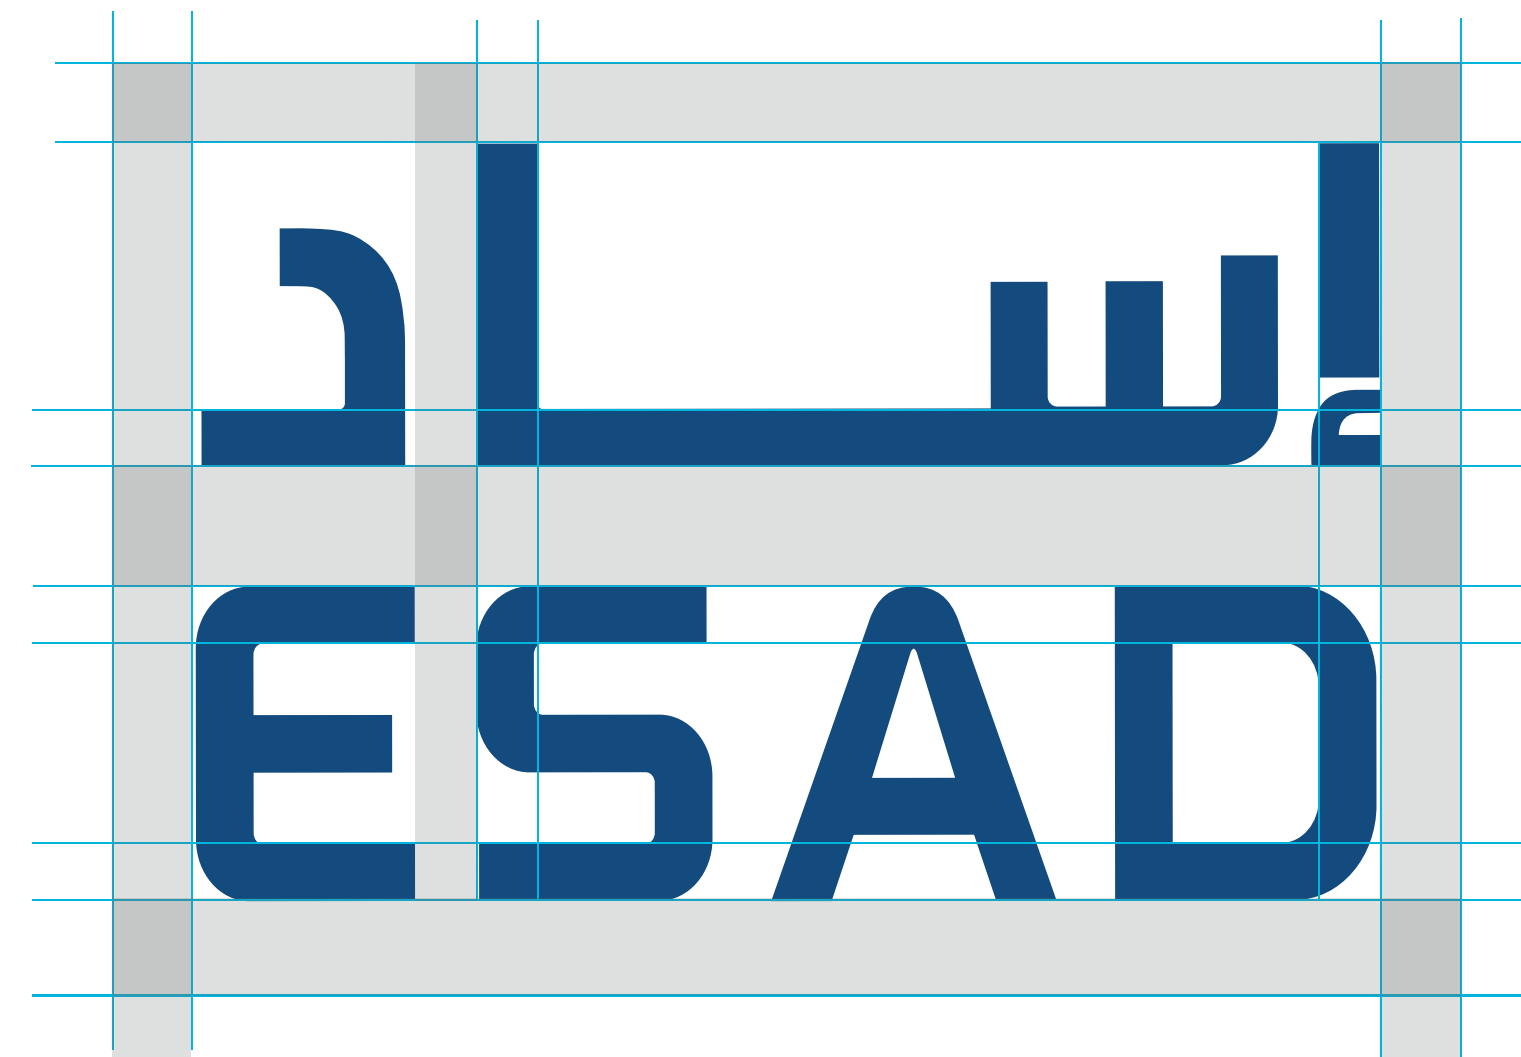

CLEAR SPACE

The clean spaces of the ESAD logo are thoughtfully designed to ensure clarity, readability, and a professional appearance.

Negative Space Around Elements:

The logo uses ample negative space around each key element (Arabic text, English text, and the tagline), ensuring that the design doesn't feel crowded or cramped.

The space between the Arabic text and the English name is deliberate, providing a visual pause that makes both sections stand out individually while maintaining harmony.

LOGO

MINIMUM LOGO SIZE

إِسَاد
ESAD

To keep the logo clear and readable, always respect size limits. At **200px**, the logo is sharp and ideal for headers or large placement. At **100px**, it remains clear for general digital use. At **50px**, it's still legible but best used in tight spaces. **35px** is the minimum safe size for the full logo.

LOGO MISUSE

To protect brand integrity, the ESAD logo must never be **altered** or **distorted**. Avoid **stretching, rotating, or changing its colors**. **Do not apply shadows, outlines, or gradients**. **Never place the logo on cluttered or low-contrast backgrounds**, and avoid modifying the typeface or rearranging elements. Any misuse can weaken brand recognition and reduce professionalism.

SIGNBOARD PALETTE

Accommodation Signboard

The ESAD Accommodation Signboard is an essential element of site branding, used to clearly identify staff housing facilities while maintaining a professional and unified brand presence.

Standard Size Options:

120X60 cm, White Acrylic material

Industrial Coverall

ESAD's Industrial Coverall is designed for durability, safety, and comfort in demanding work environments. Crafted from high-quality materials, it provides full-body protection while allowing ease of movement for extended wear. The coverall is ideal for industries such as oil & gas, construction, logistics, and manufacturing, meeting the highest standards of workplace safety and compliance.

Logo Printing & Branding:

Each Industrial Coverall can be customized with your company logo to enhance brand visibility and team identity on-site. Logos are printed using high-quality, durable methods that withstand industrial washing and harsh working conditions.

Standard Logo Placement & Size:

Front Chest (Left side): 10 cm (width) × proportionate height

Back (Center, between shoulders): 25–30 cm (width) × proportionate height

Safety Helmet

ESAD’s Safety Helmet is designed to provide maximum head protection for workers in high-risk environments such as oil & gas, construction, logistics, and heavy industry. Built with durable, impact-resistant materials, the helmet ensures safety without compromising on comfort or wearability.

Standard Logo Placement & Size:

- Front Center: 5–6 cm (width) × proportionate height
- Back Center (optional): 5–6 cm (width)
- Side (left/right): 4–5 cm (width)

Safety Vest

ESAD’s Safety Vest is designed to enhance visibility and protection for workers operating in low-light, high-traffic, or hazardous environments. Lightweight and functional, the vest is ideal for industries such as construction, logistics & oil & gas.

Standard Logo Placement & Size:

- Front Chest (Left side): 8–10 cm (width)
- Back (Center upper area): 25–28 cm (width)
- Side or pocket area (Optional): 6–8 cm (width)

Company Vehicles

ESAD's fleet of company vehicles plays a key role in representing our brand on the move, ensuring efficient workforce transportation and logistics support while maintaining a strong and professional visual identity.

To ensure consistent brand visibility and recognition, ESAD vehicles are customized with official logos and brand elements using high-quality, weather-resistant materials.

Standard Branding Placement & Specifications:

Front Doors (Left & Right): Full-color ESAD logo – approx. 45–60 cm (width)
